

The diagram shows a two-story building footprint. The top floor is a square with a side length of 306 units. It contains a central rectangular area with a diagonal cross, measuring 251.5 units by 280 units. The bottom floor is a rectangle measuring 306 units by 280 units, with a smaller rectangular area at the bottom left measuring 14 units by 9 units. The building is surrounded by a 10-unit wide perimeter. Elevation markers on the right indicate levels at 2.75, 2.51, 0.00, -0.06, -1.13, and -1.26. A vertical line with dots at the top and bottom floors suggests a central axis or structural element.
