

This architectural site plan illustrates a residential plot with various dimensions and annotations. The plot is bounded by a street to the north (width 882) and a street to the south (width 881). The plot's overall dimensions are 456 by 277. A large yellow-shaded area represents the main building footprint, with dimensions 424 by 263. A smaller yellow-shaded area, labeled 'HOOFDDAK 55.0 m²', is located at the top left of the main footprint. The plan includes several annotations: 'SLOOP VOLLEDIGE AANBOUW +1' and 'SLOOP VOLLEDIGE AANBOUW +0' with arrows pointing to specific areas, and 'behoud scheilmuur' and 'behoud scheilmuren' indicating areas to be preserved. The plan also shows a 'Dakvlakram' (roof area) and a 'Dakvlakram' (roof area) with dimensions 216 and 295. A 'Dakvlakram' (roof area) is also indicated with a dimension of 55m². The plan includes a north arrow and a scale bar. The plot is situated within a grid system with dimensions 403, 426, 178, 30, 571, 76, 195, 600, 424, 180, 481, 119, 478, 127, 464, 327, and 484. The plot is also labeled '232 bouwdiepte buur nr. 51' and '484 bouwdiepte buur nr. 55'. The plan includes a 'Dakvlakram' (roof area) and a 'Dakvlakram' (roof area) with dimensions 216 and 295. A 'Dakvlakram' (roof area) is also indicated with a dimension of 55m². The plan includes a north arrow and a scale bar. The plot is situated within a grid system with dimensions 403, 426, 178, 30, 571, 76, 195, 600, 424, 180, 481, 119, 478, 127, 464, 327, and 484. The plot is also labeled '232 bouwdiepte buur nr. 51' and '484 bouwdiepte buur nr. 55'.

PRINCIPEDETAIL:

- de aangegeven secties zijn indicatief, de aannemer blijft verantwoordelijk voor uitvoeringsdetails en berekeningsnota's
- voor de stabiliteitsonderdelen hebben de stabiliteitsplannen voorrang op deze, eventuele afwijkingen worden vooraf gemeld
- uitvoeringsmaten vooraf ter plaatse na te meten
