The terrain profile shows a cross-section of a property. The ground level is indicated by a hatched pattern. The existing building is shown in dark grey, and the proposed building is shown in light grey. The profile includes a garden (Tuin) on the left, a front garden (Voortuin) on the right, and a street (Kiekenstraat) on the far right. The profile is bounded by two vertical red dashed lines representing the property boundaries (Perceelsgrens). The profile shows the following levels: +282 (existing building level), +695 (proposed building level), +606 (proposed building level), -10 (garden level), and -3 (front garden level). The profile also shows the following boundaries: Gabarit gebuur achteraan (back boundary), Gabarit gebuur rechts (right boundary), and Gabarit gebuur links (left boundary). The profile is labeled 'WONING nr. 31' and '16e afdeling, sectie K, nr530C4'.
