

Technical drawing of a water storage facility showing eight cylindrical steel tanks (Tk.1110 to Tk.1117) arranged in a row. Each tank has a capacity of 4418 m³ and dimensions Ø=15m, H=25m. The tanks are supported by a concrete foundation with piles. The drawing includes various dimensions, levels, and labels for different zones like 'CONCESSIEGREN'S', 'GRINDZONE', and 'ASFALTWEG'. It also shows a 'PIPERACK' structure on the right side.
